R.C. STEVENS CONSTRUCTION CO. HAS BEEN SELECTED BY AN INNOVATIVE LEADER IN THE STEEL BUILDING INDUSTRY

Orlando-based General Contractor **R.C. Stevens Construction Company** has teamed with an innovative leader in the steel building industry. American Buildings Company has selected R.C. Stevens as an authorized builder for their pre-engineered metal buildings. By offering aesthetically pleasing and cost-efficient space for all commercial, industrial and religious facilities, R.C. Stevens Construction now offers professional and experienced engineering staff, a state-of-the-art manufacturing process, and competitive pricing and lead-times. All pre-engineered metal buildings are designed using Talon 3D modeling software and erected according to the contractor installation certification program standards.

###
