### **R.C. STEVENS CONSTRUCTION COMPANY PROGRESSES WITH CONSTRUCTION ON A NEW SANCTUARY FOR THE DIOCESE OF THE ARMENIAN CHURCH OF AMERICA**

Orlando-based **R.C. Stevens Construction Company** is progressing with construction on a new facility for the Diocese of the Armenian Church of America. Located in Winter Garden, St. Garabed Armenian Church is an 8,000-square-foot sanctuary that incorporates the old-world appearance of traditional Armenian churches with modern construction materials. The main architectural feature is the 60-foot domed ceiling. The dome was recently adorned with an Armenian cross which was blessed and placed on the peak during a traditional ceremony. A 3,100-square-foot social activity center and office for clergy and staff is located towards the rear of the sanctuary.
